## 作者コメント

♡「毎回コミックス用の原稿をそろえていて思うのですが、日に日にキャラが縮んでいるみたいです…。今回も、たかだか半年くらい前の絵なのに、今現在の絵にくらべて、ももリんが別人のように大人なので、びっくリ！　ちょっと反省してしまいました。今のじゃ小学生やんけ！　それはそうと、今回のアルバイトねたは、読者のおたよりからもらいました。ありがとう！」（宮城理子）

Hm
THAT'S TRUE...
IF WE LOSE THE SCENT, WOULDN'T IT BE A BIT BORING?
Easily persuaded

Momo
Why is this happening?!
THIS WAY, SHE WON'T BE ABLE TO WORK HERE ANY LONGER.
giggle

I've gotten a lot of mail from readers asking where I get the inspiration for Momo's clothes.

Easy. By looking at TV celebrities' outfits, photoshoots (some older ones), and by actually going to shops to check out the clothes, and then making adjustments as I see fit.

However, if it's too plain it'd be too boring, so I made Momo wear some pretty weird clothes.

Sorry, Momo-chan.

# IMPORTANT MESSAGE - PLEASE READ!

A Willful Muse NEEDS YOU. We have very little help right now due to staff leaving and not receiving more recruits. Remember that this work is done by fans and FOR fans, and they sacrifice their time and effort to make this possible. I'm posting a brief summary of the current status of all of our projects so that you can see were we currently stand.

**Baby Love**: with only two translators (one of them working on two other series and the other about to leave) and missing a typesetter, this project is having a hard time coming out from the hiatus, even though it was planned for this to be picked up again for quite a while already.

**Dear**: while this one is going smoothly, after reading on some forums fans complaining about the monthly pace we have, I encourage more people to help with it.

**Get Love!**: it's almost done, so we're good here.

**Hana ni Nare**: this one is one of the most challenging projects we currently have. The staff LOATHES this series, and unfortunately it has 8 more volumes left. We do not have a typesetter for this, and we're losing our cleaner due to RL issues, so I'm sorry to say that unless we get more help for this project on every single aspect: TR/PR/CL/TS/QC, I won't be able to assure it's continuity, even though there are a lot of fans out there that enjoy it.

**Ichigo no Houseki**: for those of you who check the project's list and have seen this series there, we are currently unable to release it due to missing good quality raws. While I'm aware that this series was indeed completed by another group, we are only interested in the two remaining sidestories of this volume. Any help with this will be more than welcome.

**Pheromomania Syndrome**: this is one of the hardest projects for our members to work on. It has lots of text and unfortunately our scans aren't of the best quality, so it's a hard clean only suited for those with more experience and patience. I am well aware that we aren't able to meet the monthly pace we keep with our other projects, I am sure you can understand the reasons as to why, hence why we need help in every little thing, except typesetting, with this one for a steadier release.

**Tenma no Kesuzoku**: as this one is a long series (24 volumes people!! and the winning project chosen by all of you!) the more people we have to help on it, the better. We currently have one committed translator working on this, but if you all want to see this end soon, we can use the extra hands.

**Wandal Wandering**: while on hiatus for almost a year now, along with Baby Love, I'm sad to say that due to the low interest found on this series, by both the fans and our staff members. If we don't find someone else willing to help us with it, after we release the two or three chapters we have translated this one will be dropped.

**Youth Gone Wild**: we're almost done with this series as well, but one or two more translators may be of help to complete it before the year ends.

**Yokubou to Koi no Meguri**: just two more sidestories that are on the process of being edited, and and it'll be completed as well.

**Yokubou to Koi no Meguri - Rasen**: the seguel, and while it also is a joint, we could use a translator and a typesetter for this one.

I feel that I need to be blunt for all of you to understand the seriousness of our situation. We are in desperate need of help in every single area, and to keep the group running, we have to fill them or be left with the choice to either put on hiatus/drop some series or close the group.

**~Fye** (Current administrator of A Willful Muse)

These days I often use a MAC to draw.
If we calculate the time, it's faster and more convenient to draw by hand. But in comparison, it's easier to change colours on the computer...
And the colours I use often are not colourful enough...
I hope I can use the computer better, so I can do more things on the computer.
